My Dear Dewan Sahib,

I regret very much to find that the report on the Tibbi Committee & copies of my book have not yet been sent to you. I have been out of Calcutta a good deal and at present I am writing from Delhi where I have come up to say good-bye to my brothers as I am leaving Calcutta on the 23rd inst. on my way to England. I shall write to you further on the subject of Tibbi Committee on board ship & post it from Aden if I cannot manage to do so before leaving India. I trust you will pardon my negligence, the explanation

of which I hope you will accept.

With kind regards,

Yours sincerely
Hasan Suhrawardy

Dr Suhrawardy,
Major Chopra

Shall feel grateful
if you can express your
views on the scheme of
improvement of the Ayurvedic
& Unani systems of medicine
which we have in view &
which I am enclosing some papers which
will, I trust, give you an idea
of the first scheme which
we have in contemplation.
If you want any more
information I shall be
only too pleased to furnish
same to you.

I hope you
will excuse
giving you. As you have
made a thorough study
the subject- your views
would be of interest -
help us -

With kind regards

Yours truly

The Government of Mysore now maintain an Ayurvedic College at Mysore. The staff of the College, the syllabus prescribed for the examination for which students are prepared, and, the period of training are given in Appendices A & B to this note.

2. The encouragement of Ayurvedic and Unani systems and the re-organisation of the existing College with a view to improve its efficiency and enlarge its scope have been urged upon Government for a long time. A scheme of revision was provisionally decided upon in 1919; but it has not so far been given effect to. This scheme is contained in Appendix C.

3. The Mysore Government desire to satisfy, as far as possible, the popular demand for improving and extending the practice of the Ayurvedic and Unani systems.

4- The following are the outlines of a rough scheme for the encouragement of the indigenous systems, to serve as a basis for discussion.

I. RE-ORGANISATION OF THE COLLEGE:-

(i) A course of three years — to be extended to four years later on, if necessary — for training Vaidyas who may be expected to settle down and practice in rural areas and thus contribute to the expansion of medical relief in such areas.

(ii) With a view to make the training accord, as far as possible, with modern conditions of medical practice, the syllabus to include scientific subjects like Physics, Chemistry, Physiology, Anatomy, Materia Medica and Hygiene, as prescribed for the L.M.P. Diploma but with a lower standard in view of the

period of training being one of three years.

(iii) Ayurveda and Unani systems to be taught according to syllabuses prescribed by persons who are authorities in these systems.

(iv) Only students who have passed the M.B.L.C. Examination to be admitted to the College. Scholarships to be given to a large number of students to induce them to undergo this course. No fee for tuition to be charged for some years.

(v) The College, as re-organised, to have a staff as under:-

One Principal, say an Assistant Surgeon in sympathy with indigenous systems for teaching some of the scientific subjects included in the syllabus.

Two Assistants who know both Allopathic and Ayurvedic systems, and

One Ayurvedic Pandit.

If Unani system is also included in the syllabus, one Assistant knowing this system as well as Allopathy and one Hakim to be added to the staff.

(vi) A resident Hospital and Dispensary, attached to the College, with provision for, say, a dozen beds for giving practical instruction to students. Such instruction to be arranged for, if possible, also in an Allopathic Hospital with a large number of in-patients.

II. An Institute for conducting investigations into the properties and uses of mineral and vegetable drugs known to the Materia Medicas of Ayurvedic and Unani systems.

III. It is proposed, for the present, to allot a sum of about Rs.12,000 per annum for the College as proposed to be reorganised and a sum of about Rs.15,000 per annum for the Institute suggested.

The Government of Mysore now maintain an Ayurvedic College at Mysore. The staff of the College, the syllabus prescribed for the examination for which students are prepared, and the period of training are given in Appendices A & B to this note.

2. The encouragement of Ayurvedic and Unani systems and the re-organisation of the existing college with a view to improve its efficiency and enlarge its scope have been urged upon Government for a long time. A scheme of revision was provisionally decided upon in 1913; but it has not so far been given effect to. This scheme is contained in Appendix C.

3. The Government desire to satisfy, as far as possible, the popular demand for improving and extending the practice of the Ayurvedic and Unani systems.

4. The following are the outlines of a rough scheme for the encouragement of the indigenous systems, to serve as a basis for discussion.

A. [illegible] AYURVEDIC:-

(i) A course of three years — to be extended to four years later on, if necessary — for training Vaidyas who may be expected to settle down and practice in rural areas and thus contribute to the expansion of medical relief in such areas.

(ii) With a view to make the training accord, as far as possible, with modern conditions of medical practice, the syllabus to include scientific subjects like Physics, Chemistry, Physiology, Anatomy, Materia Medica and Hygiene, as prescribed for the L.M.P. diploma but with a lower standard in view of the

period of training being one of three years.

(iii) Ayurveda and Unani systems to be taught according to syllabuses prescribed by persons who are authorities in these systems.

(iv) Only students who have passed the [illegible] examination to be admitted to the College. Scholarships to be given to a large number of students to induce them to undergo this course. No fee for tuition to be charged for some years.

(v) The College, as re-organised, to have a staff as under:-

One Principal, say an Assistant Surgeon in sympathy with indigenous systems for teaching some of the scientific subjects included in the syllabus.

Two Assistants who know both Allopathic and Ayurvedic systems, and

One Ayurvedic Pandit.

If Unani system is also included in the syllabus, one Assistant knowing this system as well as Allopathy and one Hakim to be added to the staff.

(vi) A resident Hospital and Dispensary, attached to the College, with provision for, say, a dozen beds for giving practical instruction to students. Such instruction to be arranged for, if possible, also in an Allopathic Hospital with a large number of in-patients.

II. An Institute for conducting investigations into the properties and uses of mineral and vegetable drugs known to the Materia Medicas of Ayurvedic and Unani systems.

III. It is proposed, for the present, to allot a sum of about Rs.12,000 per annum for the College as proposed to be reorganised and a sum of about Rs.15,000 per annum for the Institute suggested.

Dr. H. Suhrawardy.

27th February 1927.

My dear Dewan Saheb,

Your very kind letter D.O. 1982 of the 15th inst., has just been received by me.

I am grateful to you for giving me the honour of expressing my views on the scheme of improvement of the Ayurvedic and Unani Systems of Medicine which the progressive Government of His Highness the Maharajah of Mysore has in contemplation.

I am sending you in a separate cover a copy of the report which I submitted to the Government of Bengal on the revival of the Unani System of Medicine. This report was published by Government for official use and contains in detail the scheme which I formulated.

In 1925, at the instance of his Excellency Sir Henry Wheeler, Governor of Bihar & Orissa, the Honorable Sir Fakhurdheen consulted me regarding a more simpler scheme for the province of Bihar & Orissa. I have written to him to send me a copy and as soon as I get it I shall send the same over to you. I trust both these will be found useful for your purpose.

I am also taking this opportunity of sending you a copy of my book on "Mother & Infant Welfare for India" an appreciative review of this book appeared in the Statesman of the 30th January, this year.

P.T.O.

DEWAN'S OFFICE

I shall feel obliged if you will kindly consider this book for circulation in your province for propaganda purposes for the benefit of Public Health. A portrait of His Highness the Maharajah in the Frontispiece will be an appropriate addition. I have put the price at only -/6/- per copy and it will help me to meet the cost of publication if your Government will buy a thousand copies for Rs. 375/-. I am also agreeable to present the book to you to be translated into the Vernacular of the Province of Mysore by your Government and published by them.

With kind regards,

Yours sincerely,
